GOLF CARTS

TiCad®

TECHNOLOGIES
IN DETAIL, SIMPLY BRILLIANT

TiCad sets standards with a design that is timeless and minimalist, craftsmanship using high-quality materials, and technical sophistication. For you as a golfer, this means you can enjoy your golf trolley every day and experience your game more comfortably than ever before.

TWIST-GRIP CONTROL
All control commands are issued via a twist-grip and a single button.

- + Intuitive adjustment of the trolley speed to match your individual walking pace
- + Additional functions can be activated at the touch of a button

AUTOMATIC ADVANCE FUNCTION
With the push of a button, the trolley can be sent forward by 10 or 20 meters.

- + Allows for comfortable forward movement of your trolley
- + Automatically stops at the end of the distance

ELECTROMAGNETIC PARKING BRAKE
The trolley automatically engages the parking brake after stopping.

- + Secure parking on any terrain
- + No unintended rolling of the trolley

ELECTRONIC DOWNHILL BRAKE
Ensures a consistent speed, similar to cruise control.

- + Safe and effortless downhill driving
- + Maintains a steady pace even on sloping terrain
